Thursday, March 30, 2017

2:00pm - 4:00pm

Nexplanon Training

TBA

This skills-based clinical training is being presented by Merck, the manufacturer of Nexplanon®. It is offered for licensed advanced practice clinicians and physicians only, and is appropriate for practices that plan to insert Nexplanon® in their office. In order to obtain the device from the company, practices will need to have a system in place for billing or being reimbursed for the cost of the product. Limited to 20 participants.
